

## SYLLABUS

## COURSE INFORMATION

---

Instructor Name	Dr. George Ray
Course Title	Data Analytics Introduction
Course Prefix and Number	DA 101
Semester Hours	8 hours
Prerequisite	Basic skill in Excel

## RECOMMENDED TEXTBOOK

*Business Analytics 3rd Edition* by Jeffrey D. Camm, James J. Cochran, Michael J. Fry, Jeffrey W. Ohlmann, David R. Anderson. Course materials adapted to IDBS Data Analytics 101.

## COURSE DESCRIPTION

---

Business decisions require the basic skills of analyzing data to understand the problem more completely and to produce better answers. The business environment uses various tools and techniques to accomplish this analysis. This course is designed to introduce students to those tools and techniques and how they can be automated with Microsoft Excel.

## LEAP GOALS

---

The Liberal Education and America's Promise goal for this course is LEAP Goal 2, to develop intellectual and practical skills throughout the curriculum, as well as LEAP Goal 4, Integrative

Learning.

## LEARNING OUTCOMES

The following is a list of the topics that will be covered:

- Introduction to Data Analytics
- Excel Skills
- Data Visualization
